

Making a Difference

5 Steps to a cleaner city

Gather supplies

- Lawn and leaf bags or contractor bags
- Picker
- Broom/dust pan
- Gloves
- Mask

Identify an area to clean

It can be your neighborhood or an area you travel through that needs attention.

Mark your calendar and make a plan

You're volunteering your time, so you have the flexibility to schedule the date and time that works best for you.

Determine how you will remove what you've cleaned up from the area. Will you transport it to the dump or will you be able to responsibly contain it until trash pick-up day?

Make it fun

- Listen to music
- Tune into your favorite podcast
- Invite a friend to work with you
- Document your efforts

Be Safe

- Be mindful of traffic
- Be mindful of your surroundings
